|| Campus Business Manager at PrepBytes || PR Head at GFG SRM NCR Students' Chapter || PR jr. Lead at CSI SRM NCR Students' Chapter ||  
New Delhi

## Summary

A sophomore pursuing B.Tech in CSE with specialisation in Cloud Computing at SRM IST Delhi-NCR Campus. I'm an ardent technophile and a workhorse, I love connecting with people and having a network of like-minded people. I'm pretty well in presenting and speaking in public. I have a good command on C/C++ (5-star in HackerRank) and Java and trying my hands on Android Development using Kotlin. I stick to a task until it gets done perfectly (which I think I should be both be proud of and be not proud of). I currently am the jr. PR Lead at CSI SRM NCR Chapter, PR Head at GFG SRM NCR Chapter and CBM at PrepBytes of my Campus. Public Relations and Tech have been my domain since my freshman days and hope to explore other domains too. I am a quick learner and can adapt to changes real quick. My short term goal as of now is to master Android Development and become a good orator. I'm a team player and can lead a team from front. I believe in wise work and staying loyal to the organisation I'm in.

---
